

Educational & Development Psychologist Private Practice

Ian Stapleton

Job Details

Full time – A\$4,000 / week

Mount Eliza, Victoria, Australia

Job Description

We are offering flexible hours with excellent remuneration and an immediate start.

You get to work alongside a team of highly qualified and experienced colleagues in a busy established in a busy established Private Practice.

Your Opportunity

The practice has extensive wait lists and an established reputation.

Work from relaxing, purpose- built rooms or by telehealth as required.

High quality, experienced reception and administration is provided at no extra cost to you.

All tests and equipment are provided.

In-house professional development, training, supervision and peer support is available.

BAYSIDE PSYCHOLOGY

The Bayside Psychology Clinic in Mount Eliza was established in 1980 to provide educational and child psychology services to children, parents and schools in the South Eastern Metropolitan area and the Mornington Peninsula.

These services cover the full spectrum of educational and developmental problems with a more recent increase in demand for assessments for ASD, learning difficulties, NDIS and behaviour problems.

The practice also provides adult, adolescent and child clinical psychology services for private clients across all areas of clinical psychology.

We provide family and relationship counselling, forensic psychology and hypnotherapy.

The practice also operates the Sleep Dry enuresis and encopresis services across Victoria.

The practice is in a high visibility area with easy access by public transport and freeways.

POSITION REQUIREMENTS

A number of positions are available with flexible hours.

You require **AHPRA registration** with the potential for Educational and Development endorsement.

Teaching or school experience would be helpful.

Relationship counselling experience would also be helpful.

Suitable personal qualities such as approachability, friendliness and good communication skills are essential.
